The Honorable Peter Frelinghuysen
The House of Representatives
Washington 25, D. C.

Dear Peter:

It was a real pleasure to see you at reunions and to have the opportunity to meet your newest graduate. I had meant to get a chance to suggest to you that you might like to pay a visit to the Agency sometime before the present session is over and perhaps get an updating on our organization and mission. In fact, the thought occurred that you might want to get your SOS group together and bring them down to breakfast and briefing before your busy daily session commences. If this appeals to you, why don't you give me a ring or have your office let [redacted], our Legislative Counsel, know and we will be glad to set it up.

With best regards,

Sincerely yours,

(S) [redacted]
